

Information for Poster Presenters

This document helps you to plan your attendance at AutoSens to be held on **May 14, 15 and 16 2019** at the **Michigan Science Center, 5020 John R St, Detroit, MI 48202, USA**.

It contains essential information and guidelines for your participation. Be sure to read through each section to get the most out of your attendance at the event and maximise your potential from participating.

The posters will be displayed in the ITC Gallery of the venue throughout the main conference days, and we will encourage attendees to visit the poster presentation session in the latter half of lunch each day.

Submitting a poster

AutoSens focuses on vehicle perception for ADAS and autonomous vehicles, covering sensor hardware, computer vision, AI and image processing and more. We are interested in showcasing the latest academic research via our poster session and encourage submission to be made from all relevant research fields.

Please submit the poster title and brief summary of the research area to hayley@sensemedia-events.com by April 19.

Event Schedule

<u>EVENT TIMELINE</u>	<u>DATE</u>	<u>TIME</u>
Workshops	Tuesday May 14 2019	9:00am – 5:30pm

Poster Session Breakdown	Thursday May 16 2019	2:00pm – 5:00pm

Please note: It is the responsibility of the poster presenter to print and back the poster in order that it can be displayed on free-standing easels.

Registration

Please ensure you register your academic passes [here](#) by **Friday May 3 2019**. This will enable you to get the most out of the conference and the networking opportunities.

Drinks Reception

All attendees are invited to join a drinks reception at **HopCat, 4265 Woodward Ave, Detroit, MI 48201** courtesy of Siemens PLM. The event reception will be held from **6:30pm onwards on Wednesday May 15 2019**. Beverages and a buffet evening meal will be served, the perfect accompaniment to your evening of networking.

Parking and accessing the venue

Parking at the Michigan Science Center is limited so we ask all attendees to make use of the larger car parks, all within close proximity to the venue, details of which can be found [here](#). We have found the Cultural Centre lot to be particularly good with plenty of available spaces.

Please report to the Check-In desk on your arrival, for directions to the ITC Gallery.

We remain at your service, dedicated to ensuring you have the best possible experience at AutoSens. Please don't hesitate to contact me on hayley@sensemedia-events.com if you have any questions.
